What is a Trainee Survey
The Trainee Survey is an electronic survey process sent to you from your training organization for the purposes of providing information to the Health Resources and Services Administration (HRSA) Children’s Hospital Graduate Medical Education (CHGME) Payment Program. The training surveys are intended to collect individual trainee information for program participants. You may receive one or multiple of three different survey types to your inbox:
1. Trainee Profile: Information regarding your training program and general demographic questions.
2. Post-Completion Plans: Information regarding your graduation or completion from the training program.
3. Graduate Follow-Up: Information regarding your employment following the conclusion of your training program completion.

How To Complete Surveys
The surveys will be sent to your email address and contain a user-specific link to provide your information. You will access this link to enter or update your information before submitting. Please ensure that you use an active email address that you will maintain access to so as ensure that you receive the survey links.

To complete a survey:
1. Open your email(s) received from NO_REPLY@HRSA.GOV, and open the provided URL in the email. This should prompt the survey to open in a new window.
2. The survey(s) will require your agreement to a standard government warning banner; choose “OK” to proceed. Each survey will include a number of fields. Some fields may be disabled or pre-filled if that information has already been provided to your organization. Please enter and/or modify the data displayed. You are required to complete all fields indicated by the asterisk (*) to successfully submit your survey.
3. Once you have completed your survey, hit “Save” at the bottom of the page to submit the survey to your organization.
