Instruction Manual for Grantees of the Postdoctoral Training in General, Pediatric, and Public Health Dentistry

Annual Performance Report
Welcome

Welcome to the Bureau of Health Workforce’s Performance Measures Handbook (BPMH)! This instruction manual has been carefully designed to assist your organization in completing the required Performance Report for Grants and Cooperative Agreements (PRGCA). Please read through this manual carefully, as it contains examples and a series of step-by-step instructions that will aid you in completing all required forms.

1. All required performance measures are linked to the following legislative purpose(s) of the Postdoctoral Training in General, Pediatric, and Public Health Dentistry grant program:
   - Plan, develop, and operate or participate in an approved professional training program
   - Support of an accredited master’s degree in a public health program for dental residents
   - Meet the costs of projects to establish, maintain, or improve postdoctoral training in primary care dentistry programs
   - Provide financial assistance to dental residents or practicing dentists

2. Data submitted by grantees of the program must cover all activities that took place between July 01, 2016 - June 30, 2017 (Referred to as Annual Performance Report).

3. The PRGCA is due no later than July 31, 2017. Failure to submit a PRGCA by this date may place your grant in a noncompliant status.

4. Officials at the Health Resources and Services Administration (HRSA) will review and approve all PRGCAs submitted by grantees. In the case that revisions are needed, you will be granted the ability to re-enter the BPMH system, make corrections, and submit a revised PRGCA. All revisions must be resubmitted within five (5) business days of the initial request. Failure to resubmit a revised PRGCA within five (5) business days may place your grant in a noncompliant status.

5. We appreciate your feedback and assistance during this process. If you have any questions or require further assistance in completing your PRGCA, please visit the grants homepage or contact the HRSA Contact Center. All requests for technical assistance will be coordinated through the Call Center and responded to promptly: Call Center Phone Number: 877-G04-HRSA (877-464-4722) or Call Center Online Assistance Form: click here.
Getting Started

The Office of Management and Budget (OMB) has issued a 3-year approval for the annual collection of performance measures across all grants and cooperative agreements funded through the Health Resources and Services Administration's Bureau of Health Workforces (BHW) (OMB # 0915-0061; Expiration Date: 06/30/2019). The BPMH system has been significantly enhanced to incorporate all approved subforms, as well as increase system performance and functionality. Throughout the manual, there are several icons that identify tips and other important information that will assist you in completing each subform accurately (see below).

Marks a warning statement. Please read information in bold carefully in order to complete each subform accurately.

Marks a tip or important note for completing a specific column or subform in the BPMH system.

Marks the end of a subform and provides instructions for initiating required validations checks.

Due to the nature of annual reporting, the BPMH system has been recently enhanced to prepopulate specific columns within certain subforms with data submitted in a previous reporting period. In addition, a "View Prior Period Data" link has been added at the top of each subform in order to provide you with easy access to data submitted by your organization in prior reporting periods.

Figure 2. Example of Performance Measures Data Table

There are two (2) types of data entry field identifiers. Each data entry field in a performance measure is identified with both types of numbers when the measure appears like the example in the above Figure.

1. **Column Numbers:** The first is a Column number. It is contained in parentheses above the Block number. Column numbers are unique to the field in a particular form and are used to identify error messages. If you receive an error message, it will refer to a Column Number. In that circumstance, find the Column number in the form to locate the error. Data fields that are prepopulated may only be identified with a Column number as shown in Column #1 in the above Figure.

2. **Block Numbers:** The second type of identifier is a Block number. Block numbers are also unique to a data entry field and correspond to the paper version of the performance measures. If you print the performance measures or received paper copies, the data fields are identified with a Block number. The Block numbers here in the EHB are the same as what appears in the paper copies of the performance measures. Nearly all fields where you enter data will be identified with a Block number.
Getting Started: Browser Settings

⚠️ Warning: Check your browser settings before beginning your PRGCA. Incompatible browsers or incorrect settings will cause forms to display incorrectly.

1. HRSA’s Electronic Handbook system (EHB) is compatible only with certain Internet browsers that have specific settings. Please check your settings by logging into EHB and clicking the ‘Recommended Settings’ tab that appears in the yellow banner at the top left of your home screen. The system will check your browser and its settings for compatibility.

2. There are multiple checks that are performed, and you must receive green check marks next to each setting in order to proceed. The following link will direct you to a page that displays the list of the checks performed: [Recommended Settings](#).

3. Opening this link in your browser will automatically perform the recommended settings checks. Alternatively, you can access the recommended settings page in the EHBs system by clicking the ‘Recommended Settings’ tab on your EHBs home screen. It is highly recommended to check your settings prior to entering data in the BPMH system.

4. Using different browsers or settings than what is described above may produce unpredictable results. If you find that you are unable to see dropdown menus, cannot enter data into a field, or a form is not appearing, you most likely have a browser compatibility problem.

5. Please check these settings prior to calling the HRSA Call Center or your Government Project Officer. You may be asked to provide a screenshot showing the results of the ‘Recommended Settings’ tab.
Getting Started: Helpful Resources and Recommendations

The following is a list of resources and tips you may find helpful in the event you need assistance:

1. Begin PRGCA data entry early and submit your report prior to the deadline.
2. **Browser Settings:** Check your Internet browser and its settings by using ‘Recommended Settings’ tab on the EHB home screen within the yellow banner in the top left corner of the screen. Look for green check marks for all system requirements in order to meet system requirements and proceed.
3. **Reporting on Your Grant:** Several resources are available through HRSA’s “Reporting on Your Grant” link [http://bhw.hrsa.gov/grants/reporting/index.html](http://bhw.hrsa.gov/grants/reporting/index.html) including general EHB guidance as well as links to the performance measures and program manual.
4. **Resource Links:** Several resources are available via the ‘Resource’ tab on the EHB home screen including the following links:
   1. View Prior Period Data- Previously submitted PRGCA data are available in read-only mode
   2. Glossary- Current definitions of key terms
   3. Instruction Manual- Electronic copy of this program manual (can also be found on the HRSA.gov website)
5. **Video Recordings:**
6. **Grant Personnel:** Review your grant personnel listed in EHB and update this list as necessary. Ensure that listed personnel have appropriate authorizations (i.e., PRGCA submission, etc.). Make sure you have a backup person in place to submit your report!
7. **Sequence of Forms:** Complete PRGCA forms in the order they appear (i.e., complete EXP-1 prior to EXP-2)
8. **Saving and Validating:** You must click ‘Save and Validate’ in order to move to the next form. Save your work frequently (every 15-20 minutes) and print a hard copy of your report prior to submission.
9. **Government Project Officers:** Contact your Government Project Officer if you need further assistance on the content of your report.
10. **HRSA Call Center:** If you need additional assistance, contact the HRSA Call Center. If you have contacted the Call Center and are waiting for a reply, you should follow-up with them 48 hours after the initial contact. Have your ticket number ready (the same ticket number will be used at all tier levels now). Do not wait for the Call Center to return a phone call or email: **Call Center Phone Number:** 877-Go4-HRSA/877-464-4772 or Call Center Online Assistance Form [click here](#).
The following table shows the order that subforms will appear throughout the BPMH system for your specific grant program. Please note that clicking on the "Save and Validate" button at the end of each subform will cause the system to check all Blocks for errors and route you to the next required subform on the list. If you need to go back to any subform for any reason, simply click on the Form ID on the left sidebar of the Electronic Handbook (EHB). Please note that changing data that has already been saved will require you to click on the "Save and Validate" button and go through the validation process once more.

Grant Purpose – Setup
Selecting Grant Purpose(s)

To configure the BPMH system, complete the Grant Purpose Setup form by selecting the specific type(s) of activities that were supported with grant funds during the current reporting period (July 01, 2016 - June 30, 2017).

Figure 3. Selecting Grant Purpose(s)

Warning: Selections made in this form will affect the types of subforms and/or drop-down menu options that will appear throughout the BPMH system.

Warning: Some options in the Grant Purpose form will be preselected based on information provided in a previous reporting period. Unselecting a grant purpose will cause related forms and data to be deleted. If you need to unselect a grant purpose, contact your project officer first to ensure you do not unnecessarily lose any data.

To Complete the Form: Click on "Save and Validate" on the bottom right corner of your screen. If no errors are found, the BPMH system will automatically route you to the next required subform.
**Training Program - Setup**

**Training Program Setup - Selecting Type of Training Program**

⚠️ **Warning:** Complete the Training Program Setup form only if grant funds were used to support programs other than those previously reported. You do not need to reenter information about programs previously reported. If no new programs were supported, skip to “Training Program Setup—Final Steps.”

⚠️ **Warning:** You must have prior approval from your Government Project Officer before you choose the ‘Fellowship Program’ option below. All training programs in the Postdoctoral Training in Dentistry Program should typically choose ‘Residency Program.’

Click on the "Add Record" button to save your entry. Repeat this process to capture the primary profession/discipline of each new residency or fellowship program supported with grant funds during the current reporting period.

Note: If you have multiple accredited residency programs of the same type, you must report both as separate programs using the options above (e.g., use AEGD-1 for the first General Dentistry residency and AEGD-2 for the second General Dentistry residency).
Select Training Activity Status in the Current Reporting Period:

- **If training programs/activities are Active:** No action if needed for prior records.
- **If training programs/activities are Inactive:** If a prior record training program no longer has active enrollees (i.e., no residents or fellows are enrolled and all residents or fellows have already graduated), you may select ‘Inactive’ as the status of the program. Selecting ‘Inactive’ indicates the training program is completed, you are no longer administering it, and you have no active INDGEN records or faculty development programs. You will not report on any aspect of an inactive program, and all records associated with the program (i.e., EXP records and CDE records) will be made inactive. Please confirm with your Government Project Officer before indicating a program is Inactive.

⚠️ Warning: Options for the Faculty Setup form will be automatically selected if you have previously reported one or more training programs or activities through the FD-1a or FD-2a subforms. You may uncheck “Faculty Development Activity” if you have nothing to report. You may uncheck “Structured Faculty Development Training Program” only if you have no training programs still in progress. Please refer to the Faculty Development—FD Subforms page (initial instructions page immediately following EXP forms) for instructions on how to update the status of each previously-reported structured faculty development program.

Reference: Refer to the glossary for a definition of each type of faculty development activity.

*Note: Column 7 is a subset of Column 4; Column 8 is a subset of Column 7.*
Note: Fellows who permanently left their fellowship before completion (i.e., attrition) will be counted separately in Column 9 (Block 9).

Reference: Refer to the glossary for definitions of "underrepresented minority" and "disadvantaged background."

Example:

The School of Dentistry had a total of 12 Pediatric Dentistry fellows in the fellowship program during the current reporting period. The school used BHW funds to provide stipends to 5 out of the 12 Pediatric Dentistry fellows. During this period, 1 fellow left the program before completing all fellowship requirements.

In Column 4 (Block 3) of this form, the reporting official at the School of Dentistry would enter 11.

Example:

The School of Dentistry had a total of 11 Pediatric Dentistry fellows maintain enrollment in the fellowship program during the current reporting period. Among the 11 fellows who were enrolled in the program, 2 are underrepresented minorities.

In Column 5 (Block 3a), the reporting official at the School of Dentistry would enter 2.

Example:

The School of Dentistry had a total of 11 Pediatric Dentistry fellows maintain enrollment in the fellowship program during the current reporting period. Figure 16. PC-8 - Entering Enrollment Information

Enter Total # Enrolled (whether funded by BHW or not): Total: In Column 5 (Block 3), enter the total number of residents who participated in each residency program during the current reporting period. Count all residents who participated in the residency program, regardless of whether the resident directly received a BHW-funded financial award.

Enter Total # Enrolled (whether funded by BHW or not): URM: For Column 6 (Block 3a), enter the number of residents who participated in each residency program during the current reporting period and were underrepresented minorities.

Enter Total # Enrolled (whether funded by BHW or not): Disadvantaged Background and not URM: In Column 7 (Block 3b), enter the number of residents from disadvantaged backgrounds who participated in the residency program during the current reporting period but were not underrepresented minorities.

Note: Columns 6 and 7 are subsets of Column 5.

Note: Residents who permanently left their residency program before completion (i.e., attrition) will be counted separately in Column 10 (Block 9).
Reference: Refer to the glossary for definitions of "underrepresented minority" and "disadvantaged background."

Example:

The School of Dentistry had a total of 12 General Dentistry residents in the residency program during the current reporting period. The school used BHW funds to provide stipends to 5 out of the 12 General Dentistry residents. During this period, 1 General Dentistry resident left the program before completing all residency requirements.

*In Column 5 (Block 3) of this form, the reporting official at the School of Dentistry would enter 11.*

Example:

The School of Dentistry had a total of 11 General Dentistry residents maintain enrollment in the residency program during the current reporting period. Among the 11 General Dentistry residents who were enrolled in the program, 2 are underrepresented minorities.

*In Column 6 (Block 3a), the reporting official at the School of Dentistry would enter 2.*

Example:

The School of Dentistry had a total of 11 General Dentistry residents maintain enrollment in the residency program during the current reporting period. Among the 11 General Dentistry residents who were enrolled in the program, 5 are from disadvantaged backgrounds. One (1) out of the 5 General Dentistry residents from a disadvantaged background is also an underrepresented minority.

*In Column 7 (Block 3b), the reporting official at the School of Dentistry would enter 4.*

**Enter Total # Graduated/Completed (whether funded by BHW or not): Total:** In Column 8 (Block 8), enter the total number of residents who completed all requirements of their residency program during the current reporting period. Count all residents who completed residency programs, regardless of whether or not the resident directly received a BHW-funded financial award.

**Enter Total # Graduated/Completed (whether funded by BHW or not): URM:** In Column 9 (Block 8a), enter the number of residents who completed all requirements of their residency program during the current reporting period and were underrepresented minorities.

**Note:** Column 8 is a subset of Column 5; Column 9 is a subset of Column 8.

**Note:** Residents who permanently left their residency program before completion (i.e., attrition) will be counted separately in Column 10 (Block 9).

**Reference:** Refer to the glossary for definitions of "disadvantaged background" and "underrepresented minority."

**Example:**

Postdoctoral Training in General, Pediatric, and Public Health Dentistry
Example:
The School of Dentistry had a total of 11 General Dentistry residents maintain enrollment in the residency program during the current reporting period. Among the 11 General Dentistry residents who were enrolled in the program, a total of 3 residents completed all residency requirements during the reporting period.

LR-1 - Entering Residents Count

⚠️ Warning: For the LR and DV forms, enrollees and graduates must be counted separately (i.e., graduates are NOT a subset of enrollees).

Figure 25. LR-1 - Entering Residents Count

Trainees by Training Category: Enter # of Residents: Enter the total number of residents in each residency program who received training as a result of the grant during the current reporting period. This number includes residents who received direct financial support from the grant plus any resident who was trained under a curriculum or course developed as a result of the grant.

💡 Note: Do not include individuals who either completed their residency or permanently left the program before completion during the reporting period.
**Trainees by Training Category: Enter # of Program Completers:** Enter the total number of program completers of the residency program or fellowship program during the current reporting period. This number includes any resident or fellow who completed the program as a result of the grant by having received direct financial support from the grant plus any resident or fellow who was trained under a curriculum or course sponsored by the grant.

Individual-level Data—INDGEN Subforms

INDGEN - Introduction

Notice to Grantees about Individual-level Data:

- You must complete an INDGEN subform for each individual who received a BHW-funded financial award during the current reporting period.
- The INDGEN subform will automatically calculate and display read-only columns labeled “Academic Year Total” and "Cumulative BHW Financial Award Total."
- Records of individuals who were reported as having completed their training program in the previous reporting period will transfer from the INDGEN subform to the INDGEN-PY subform in the current reporting period.
IND-GEN: Individual Characteristics

IND-GEN - Setup

To begin providing individual-level data for trainees who received BHW-funded financial awards during the reporting period or to provide updates for individuals previously reported on INDGEN, click "Yes" to the initial setup question. Clicking "Yes" will activate the embedded Excel® form that will allow you to begin data entry. To begin providing individual-level data for trainees who received BHW-funded financial awards during the reporting period or to provide updates for individuals previously reported on INDGEN, click "Yes" to the initial setup question. Clicking "Yes" will activate the embedded Excel® form that will allow you to begin data entry.

![Figure 36. IND-GEN - Setup](image)

Warning: If you have used the INDGEN form before, this answer is pre-selected ‘Yes’ for you. You do not need to answer this question again. Please move ahead to the INDGEN form by using the form list located on the left side of your screen.

Warning: If you are unable to enter data into the INDGEN form, edit prior records, or see drop-down menus despite the question above being answered ‘Yes’, you have a browser compatibility problem. Please refer to the Getting Started-Browser Settings page at the beginning of this manual.

Warning: Gray fields in prior records cannot be edited.
IND-GEN - Selecting Type of Training Program

**Type of Training Program**: Select each individual's training program by clicking on the drop-down menu and choosing one of the available options.

---

**Note**: The options available under "Type of Training Program" will prepopulate with information entered and saved in the Training Program Setup Form.

**Note**: This column will prepopulate for prior records with data submitted in the previous reporting period. Prior data cannot be altered or deleted.

---

**Example**: The School of Dentistry saved one (1) entry in the Training Program Setup form to reflect the type of program supported by the grant. Under "Type of Training Program" the School of Dentistry would see the following options:

- Residency program | Dentistry--General Dentistry-AEGD-1
Trainee Unique ID: Enter a seven (7) alphanumeric unique identifier for each individual in the textbox.

⚠️ Warning: It is the responsibility of each grantee to keep a log of all unique IDs used, as these will be required to provide annual updates and 1-year follow-up data for each individual.

💡 Note: This Block will prepopulate for prior records with data submitted in previous reporting periods. Prior data cannot be altered or deleted.
IND-GEN - Selecting Individual's Training or Awardee Category

Select Individual's Training or Awardee Category: Select each individual's training category by clicking on the drop-down menu and choosing one of the following options:

Experiential Characteristics—EXP Subforms

EXP - Introduction

1. Purpose: The EXP forms are used to characterize experiential or clinical training characteristics, including training sites and the number and profession/discipline of trainees.

- The EXP-1 form collects information about the different clinical sites used to provide your trainees with experiential training.
- The EXP-2 subform collects information about the profession and discipline of individuals trained at each site used during the current reporting period.

2. Order of Forms:

- The EXP forms MUST be completed in order, otherwise drop-down menus will not populate correctly.
- You must complete and click ‘Save and Validate’ in EXP-1 before proceeding to EXP-2.

3. Pre-population of Prior Records (training sites):

- The BPMH system will prepopulate saved information for each previously-used site (i.e., prior record) in the EXP-1 data table.
- You must indicate whether each previously-used site was used again during the current reporting period.

⚠️ Warning: Complete the EXP forms only for sites used to train individuals who appear on the LRDV subform.

**Example with Principal AND Interprofessional Trainees at the same site:**

In the example on this page as below.

- At the first site, North Regional Hospital, the General Dentistry Residency program trained 24 General Dentistry residents. As part of Interprofessional team-based care, the General Dentistry Residency program also trained 2 Family Medicine residents and 3 graduate students in Psychology (rows 1-3).
- At a second site, the General Dentistry Residency program trained 14 of its General Dentistry residents alongside 4 pharmacy students who were part of interprofessional team-based care at the Community Dentists site (rows 4 and 5).

Example with both your trainees and interprofessional trainees of the same discipline at the same sites:

In the example on this page as below.

- At the first site, the General Dentistry residency program trained 24 of its own residents at North Regional Hospital. As part of Interprofessional team-based care, the General Dentistry residency also trained 10 General Dentistry residents from different General Dentistry residency programs, 2 Internal Medicine residents, and 5 dental students (rows 1-3).
- At the second site, the General Dentistry residency program trained 10 of its own dental residents alongside 8 additional General Dentistry residents from different General Dentistry residency programs as well as 4 pharmacy students who were part of interprofessional team-based care (rows 4 and 5).

Course Development and Enhancement—CDE Subforms

CDE - Introduction
Purpose of CDE forms: The CDE forms are used to collect information about curriculum development and enhancement activities, including development status, delivery mode, course topic, etc. for courses offered during the current reporting period.

- CDE-1: Collects information about newly developed or enhanced courses offered during the current reporting period.
- CDE-2: Collects the number of individuals who participated in the CDE courses and training activities (grouped by course and primary discipline).

Order of Forms:

- The CDE forms MUST be completed in order, otherwise drop-down menus will not populate correctly.
- You must complete and click ‘Save and Validate’ in CDE-1 before proceeding to CDE-2.

Pre-population of Prior Records:

- The BPMH system will prepopulate saved information for each previously offered courses (i.e. “Prior Records”) in the CDE-1 data table.
- For “Prior Records” you must indicate whether the course was offered during the current reporting period.

Creation of New Records:

- The BPMH system will allow you to enter information for newly offered courses or training activities (i.e., “New Record”) in the CDE-1 data table. “New Records” will populate below all “Prior Records”
- For “New Records” you must indicate whether the course was offered during the current reporting period.

Detailed guidance on how to make the correct selections for the CDE forms be found below~

⚠️ Warning: CDE-1 must be completed and validated prior to beginning CDE-2. If you reach the CDE-2 form, and no drop-down
selections appear, you have not validated both CDE-1 subform.
CDE-1: Course Development and Enhancement - Course Information

CDE-1 - Setup

To begin providing data about courses and other training activities that have been developed or enhanced through the grant or to provide updates on previously reported activities, click "Yes" to the initial setup question. Clicking "Yes" will activate the embedded Excel® form that will allow you to begin data entry.

Have you used BHW resources or received in-kind support to develop or enhance a course or other training activity associated with the grant?  

| Yes (complete CDE-1 and CDE-2) | No (Click Save and Validate to proceed to the next form) |

Figure 74. CDE-1 - Setup

⚠️ Warning:  If you have used the CDE form before, this answer is pre-selected ‘Yes’ for you. You do not need to answer this question again. Please move ahead to the CDE form by using the form list located on the left side of your screen.

⚠️ Warning:  CDE-1 must be completed and validated prior to beginning CDE-2. If you reach the CDE-2 form, and no drop-down selections appear, you have not validated the CDE-1 subform.

Figure 75. CDE-1 - Entering the Name of Course/Training Activity

Name of Course or Training Activity: Enter the name of each course or training activity that was developed or enhanced through the grant at any point during the entire project period. All previously reported courses will be saved in the data table from your past performance reports and labeled as “Prior Records.” To report on a NEW course, enter the course name in the “Add Course” box at the top of your screen. Click ‘Add Record’ after each entry and the new courses will appear at the bottom of the data table below, in column 1. Repeat this process to enter each course or training activity that was developed or enhanced through the grant separately.

Warning: Complete the CDE-1 Setup form only if grant funds were used to develop or enhance NEW courses or training activities other than those previously reported.

**Program Name:** Enter the name of each new structured faculty development program coordinated and/or supported through the grant during the current reporting period. Select "Add Record." Repeat this process as necessary to enter each new structured faculty development program that was coordinate and/or supported through the grant during the current reporting period.

⚠️ Warning: Complete the FD-1a Setup form only if grant funds were used to support structured faculty development programs other than those previously reported and still ongoing. To provide updates for these programs, go to the next page. Once a program has been completed, it will need to be re-entered as a new record if the program is run again with a new cohort.

Example: The John Doe School of Nursing used BHW funds to support TeamSTEPPS training for ten (10) faculty members. In the first semester, the school used grant funds to pay for the costs of training three (3) faculty members. In the second semester, the school used grant funds to pay for the costs of training an additional seven (7) faculty members. Since each faculty development program supported through the grant must be reported separately, the John Doe School of Nursing would have 2 entries—TeamSTEPPS #1 and TeamSTEPPS #2 (names are for illustrative purposes only). The John Doe School of Nursing would complete the FD-1a and FD-1b subforms for each of these programs.
FD-1a - Selecting Program Status

Select Program Status in the Current Reporting Period: Select the status of each structured faculty development program at the end of the current reporting period by clicking on the drop-down menu and choosing one of the following options:

**Activity Name:** Enter the name of each unstructured faculty development activity coordinated and/or supported through the grant during the current reporting period. Next, click on "Add Record" to save your entry. Repeat this process to enter each faculty development activity coordinated and/or supported through the grant during the current reporting period.

⚠️ Warning: If a previously-completed faculty development activity (prior record) is being offered again with a new cohort, it will need to be re-created as a new record.

*Example:* The John Doe School of Nursing used BHW funds to pay for the cost of sending five (5) faculty members to the annual Academy Health conference. In addition, the school also used BHW funds to pay for the cost of sending two (2) faculty members to a local workshop on the integration of behavioral health and primary care.

Since each faculty development activity supported through the grant must be reported separately, the John Doe School of Nursing would have 2 entries—one entry for the Academy Health Annual Conference and one for the Integration of Behavioral Health and Primary care workshop (names are for illustrative purposes only). The John Doe School of Nursing would complete the FD-2a and FD-2b subforms for each of these activities.

Continuing Education Activities—CE Subforms

CE - Introduction

- Warning: Attention Users- Important changes have occurred with the CE-1 subform! Please read the following directions carefully.

Purpose of CE Subforms:

- The CE subforms are used to characterize continuing education course characteristics and trainees.
- The CE-1 form captures information about the continuing education courses and training activities offered in the current reporting period.
- The CE-2 subform collects information about the professions and disciplines of individuals trained in the offered CE courses or training activities.

Order of Subforms:

- CE subforms MUST be completed in order, otherwise drop-down menus will not prepopulate correctly.
- You must complete and ‘Save and Validate’ CE-1 first before proceeding to CE-2.
CE-1: Continuing Education - Course Characteristics and Content

CE-1 - Setup

To begin providing information about continuing education courses offered during the current reporting period, click "Yes" to the initial setup question. Clicking "Yes" will activate the embedded Excel form that will allow you to begin data entry. If you did not offer CE courses during the reporting period, click "No" to bypass the CE forms.
Course Title: Enter the name of each course offered under Column 1 (Block 1) of the CE-1 subform.

⚠️ Warning: Course titles are limited to 200 characters.

💡 Note: To view data submitted in the previous reporting period, click on the "View Prior Period Data" link on top of the form.
Warning: Attention Users--Important changes have occurred with the CE-1 subform! Please read the following directions carefully.

Select Whether Course is Approved for Continuing Education Credit: Select whether each course is accredited for continuing education credit by clicking on the drop-down menu and choosing one of the following options:

- Yes
- No

Reference: Refer to the glossary for a definition of "continuing education course accreditation."
Enter the Duration of the Course in Clock Hours: Enter the duration, in clock hours, of each course offering in the textbox.

Note: For courses less than one (1) hour, provide a decimal value by dividing the total number of minutes the course lasted by 60. (e.g., a 15-minute course would entered as 15/60 = .25.)

Note: For instructional activities offered via distance learning, enter the intended duration of each activity in Column 3 (Block 3).

Appendix A: Glossary

This glossary contains general definitions for terms that are used throughout the BPMH system. Some terms may be defined in multiple ways by different programs due to their authorizing statutes and/or the nature of training activities offered. If you are unsure about how to define a term that is central to your program, please refer to the authorizing statute, the Funding Opportunity Announcement and/or your Government Project Officer for clarification.

**Active Duty Military** is a person who is serving full-time duty in the Armed Forces, Regular or Reserve Corps of the Public Health Service, or National Oceanic and Atmospheric Administration other than active duty for training; or a cadet at the United States Military, Air Force, or Coast Guard Academy; or a midshipman at the United States Naval Academy.

**Attrition** is the act of permanently leaving a training program or training activity before completion. An individual is counted as having attrited if s/he leaves a training program or training activity for any reason before completing all training requirements. This does not include those who have taken a leave of absence from a training program/training activity.

**BHW-funded financial awards** are monies from a grant funded by BHW that are provided to an individual by a grantee institution or organization for the purposes of defraying costs associated with participation in a training program or training activity. The types and definitions of BHW-funded financial awards are listed below:

- **Career Award**: A financial award provided to current faculty for the purposes of facilitating professional growth and advancement in the academic setting.
- **Fellowship**: A financial award provided to a Fellow for the purposes of defraying costs associated with advanced training in a specific content area.
- **Loan**: A financial award provided to a student enrolled in a degree program at an educational institution for the purposes of defraying costs associated with that degree program. Loans must be repaid in accordance with terms specified in a promissory note.
- **Loan Repayment**: A financial award provided to an individual that is conditional on their agreement to provide specific types of services for a specified amount of time. Under this agreement, an individual may have part or all of their student loans paid off so long as they meet all specified requirements.
- **Scholarship**: A financial award provided to a student enrolled in a degree program at an educational institution for the sole purpose of covering expenses associated with tuition.
- **Stipend**: A financial award provided to an individual for the purposes of defraying costs associated with a training program or training activity.
- **Traineeship**: A financial award provided to a student enrolled in an advanced training program at an educational institution for the purposes of defraying costs associated with advanced training in a specific content area.
Campus-based degree program is a degree program that requires students to complete all academic coursework at the college or university campus.

Contact hours are the number of hours that an individual receives training in a specific setting.

Continuing education is a training activity or series of training activities offered to members of the current workforce who have already completed a training program in their profession. Continuing education sessions are offered to existing professionals and do not include students as primary participants.

Curriculum is the aggregate content of multiple learning activities offered by an organization in a specific topic area. Commonly, the term curriculum is used to describe the number and type of academic courses within a degree program. The term can also be used to describe the number and type of learning activities for faculty and other non-degree-bearing training programs.

Didactic training is the process of instruction between a designated faculty and an individual or group of individuals.

Direct financial support program is a type of grant that provides individuals, via grantee organizations, with a BHW-funded financial award to help defray costs associated with participation in a training program or training activity.

Disadvantaged background refers to a citizen, national, or a lawful permanent resident of the United States, the Commonwealths of Puerto Rico or the Marianas Islands, the U.S. Virgin Islands, Guam, American Samoa, the Trust Territory of the Pacific Islands, the Republic of Palau, the Republic of the Marshall Islands, or the Federated State of Micronesia who:

1. Comes from an environment that has inhibited them from obtaining the knowledge, skills, and abilities required to enroll in and graduate from a health professions or nursing school (Environmentally Disadvantaged);
   AND/OR
2. Comes from a family with an annual income below a level based on low-income thresholds established by the U.S. Census Bureau, adjusted annually for changes in the Consumer Price Index (Economically Disadvantaged). The Secretary defines a “low income family” for various health professions and nursing programs included in Titles III, VII and VIII of the Public Health Service Act as having an annual income that does not exceed 200 percent of the Department’s poverty guidelines. A family is a group of two or more individuals.

Enhanced course or other training activity is a specific type of training activity that was already in existence at the institution or organization and has been modified or restructured as part of the federal award.

Enrollee is an individual who is actively matriculated or registered in a training program or training activity. For the purposes of performance reporting, the training category of "enrollees" does not include graduates, program completers, fellows, or residents.
Ethnicity is the ethnic ancestry or origin of an individual or group of individuals. For the purposes of performance reporting, the Office of Management and Budget requires that ethnicity be classified as "Hispanic or Latino Origin" and "Non-Hispanic or Latino Origin". Individuals identifying as "Hispanic or Latino" are of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin regardless of race.

Experiential training is the process of instruction between a designated faculty and an individual or group of individuals that includes a component of direct work experience.

Faculty is an individual or group of individuals who are deemed qualified by an organization to provide instruction to others on a specific topic area.

Faculty development activity is generally a stand-alone single training activity provided to faculty for the purposes of additional training and/or faculty development. Faculty development activities may include conferences, workshops, or grand rounds and are not necessarily offered at the grantee institution or organization.

Faculty development program is a series of curriculum-based training activities that are provided to faculty over a specific amount of time for the purposes of additional training and/or faculty development. Structured faculty development programs can be degree bearing or certificate bearing and are not necessarily offered at the grantee institution or organization.

Faculty instruction are those courses, workshops, seminars, grand rounds or other training activities that are led by faculty for the purposes of providing training to other individuals (e.g., students, fellows, residents). Faculty instruction does not refer to training activities undertaken by faculty for the purposes of additional training or faculty development (see Structured Faculty Development Program and/or Unstructured Faculty Development Activity).

Federally Qualified Health Centers (FQHC) are public and private non-profit health care organizations that meet certain criteria under the Medicare and Medicaid Programs (respectively, Sections 1861(aa)(4) and 1905(l)(2)(B) of the Social Security Act and receive funds under the Health Center Program (Section 330 of the Public Health Service Act).

Fellowship is a training program that provides an individual or group of individuals (known as "fellows") with advanced training in a general content area. Fellows generally receive a financial award to help defray costs associated with advanced training (also referred to as a "fellowship").

Full-time refers to the number of days per week and/or months per year representing full-time effort at the applicant/recipient organization, as specified in organizational policy. For a student, it means one who is enrolled full time as defined by the organization. The organization’s policy must be applied consistently, regardless of the source of support.
Graduate is an individual who has completed all the requirements of a degree-bearing training program at an educational institution. (See "Program completer" for individuals who complete all requirements of a non-degree-bearing training program or training activity).

Hybrid degree program is a degree program that requires students to complete academic coursework both on campus and through distance learning.

Instructional hours are the duration of a training activity or training program in clock hours.

Infrastructure program is a type of grant designed to enhance the scope, quality, and opportunities for health professions training programs or training activities. Infrastructure programs do not provide individuals with any type of BHW-funded financial awards.

Internship is a type of training activity that can either be: a) a component of a degree-bearing program or b) entry-level employment that provides an individual with relevant workforce experience.

Interprofessional education is the process of learning among a group of individuals from two (2) or more professions.

Interprofessional practice is the provision of care or services to an individual or group of individuals by workers from two (2) or more professions.

Medically Underserved Community (MUC) is a geographic location or population of individuals that is eligible for designation by a state and/or the federal government as a health professions shortage area (HPSA), medically underserved area (MUA), and/or medically underserved population (MUP). These communities have limited access to primary health care services. The term MUC is an umbrella term that can be used to describe any location that meets one or more of the previously identified designations.

Multipurpose/Hybrid program is a type of grant that is designed to:

1. Provide individuals, via grantee organizations, with BHW-funded financial awards to help defray costs associated with health professions training; AND
2. Enhance the scope, quality, and opportunities for health professions training programs or training activities.

Newly developed course or other training activity is a specific type of training activity that was not previously in existence at the grantee institution or organization and was developed in its entirety as part of the grant project.

Online degree program is a degree program that requires students to complete all academic coursework through distance learning.

Partner/consortium is an organization or group of organizations that provide(s) resources and/or support to grantees for the implementation of training programs and/or training activities.

Postdoctoral Training in General, Pediatric, and Public Health Dentistry
**Patient encounter** is a direct interaction between a designated caregiver and a patient for the purposes of health care.

**Practicum** is a type of experiential training activity. (See "Experiential training").

**Primary care** is the provision of integrated, accessible health services by clinicians who are accountable for addressing a large majority of personal health care needs, developing a sustained partnership with patients, and practicing in the context of family and community.

**Primary care setting** is a facility that is staffed with professionals who provide primary care. (See "Primary Care").

**Profession & discipline** identifies a general occupation (profession) and, where applicable, a type of specialty within that occupation (discipline).

**Program completer** is an individual who has completed all requirements for a non-degree bearing training program or training activity. (See "Graduate" for individuals who complete all requirements of a degree-bearing training program).

**Publication** is written material that has been submitted to and accepted by a publishing authority as part of a collection of related work.

**Race** is an individual's self-identified affiliation with one (1) or more of the following origins:

- **White** – A person having origins in any of the original peoples of Europe, the Middle East, or North Africa
- **Black or African American** – A person having origins in any of the Black racial groups of Africa
- **American Indian or Alaska Native** – A person having origins in any of the original peoples of North and South America (including Central America) and who maintains tribal affiliation or community attachment
- **Asian** – A person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian subcontinent including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam
- **Native Hawaiian or Other Pacific Islander** – A person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands

**Reservist** is a member of the Armed Forces of the United States Reserve Component, including the Army National Guard of the United States, the Army Reserve, the Navy Reserve, the Marine Corps Reserve, the Air National Guard of the United States, the Air Force Reserve, or the Coast Guard Reserve.

**Residency** is a training program that provides an individual or group of individuals (known as "residents") with advanced clinical training in a specialty area.
Residential background is/are the type/s of location/s in which an individual has established residence.

Rural is a geographical area that is not part of a Metropolitan Statistical Area (MSA). Note: To determine whether a geographical area is considered rural, go to HRSA’s Office of Rural Health Policy.

Structured training program is a series of curriculum-based training activities that are provided to an individual or group of individuals over a specific period of time.

Trainee is an individual who participates in a training program or training activity.

Underrepresented Minority (URM) is an individual from a racial and/or ethnic group that is considered inadequately represented in a specific profession relative to the representation of that racial and/or ethnic group in the general population. Note: For the purposes of the health professions, BHW considers individuals who are from the following racial and ethnic backgrounds underrepresented:

- American Indian or Alaska Native
- Black or African American
- Native Hawaiian or Other Pacific Islander
- Hispanic (all races)

Unstructured faculty development activity is generally a stand-alone single training activity provided to faculty for the purpose(s) of additional training and/or faculty development. Unstructured faculty development activities may include conferences, workshops, or grand rounds and are not necessarily offered at or by the grantee institution or organization.

Unstructured training activity is generally a stand-alone single training activity that is not part of curriculum.

Veteran is any person who served in one (1) of the seven (7) uniformed services of the United States. The seven uniform services include: The United States Army, Navy, Air Force, Marines, Coast Guard, Public Health Service, and National Oceanic & Atmospheric Administration Commissioned Officers Corps.

Veteran - Prior Service is a person who served in an active uniformed service and was discharged or released therefrom under conditions other than dishonorable prior to reaching official retirement status.

Veteran - Retired is a person who served in an active uniformed service; was discharged or released therefrom under conditions other than dishonorable; and is entitled, under statute, to retired, retirement, or retainer pay.
**Vulnerable populations** are groups of individuals at higher risk for health disparities by virtue of their race or ethnicity, socio-economic status, geography, gender, age, disability status, or other risk factors associated with sex and gender.
Appendix B: FAQs

**General FAQs**

**When is the due date for the performance report?**
Performance reports are due by July 31, 2017 for all programs. No extensions will be granted beyond this date. Failure to submit a performance report by the due date may place your grant in a non-compliant status.

**What dates does the performance report cover?**
The performance report submitted by grantees should cover all activities conducted through the grant during the current reporting period July 01, 2016 - June 30, 2017.

**Is it possible to change data entered incorrectly in a prior reporting period?**
No. Data entered in a previous reporting period cannot be edited. It is important that grantees provide accurate data during each reporting period.

**Where will grantees be able to locate the instruction manuals for the performance reports?**
Grantees will be able to access their program-specific instruction manual through the EHB. In addition, the manuals will be posted on the BHW grants website at http://bhw.hrsa.gov/grants/reporting/index.html.

**Is there a way to look at the data forms required for my program without logging into EHB?**
Yes. Grantees will be able to view a program-specific overview of the required performance measure forms on the BHW grants website at http://bhw.hrsa.gov/grants/reporting/index.html.

**Are reports from prior years stored in the EHBs?**
Yes. Grantees can locate reports from prior reporting periods in EHB by using any of the following methods:
a) Clicking the ‘view prior period data’ link within a form or under your Resources tab;
b) Going into your grant folder and searching for previously completed reports; or
c) Clicking on the "submissions" link in the left side navigation menu.

**Will the information we are submitting in this reporting period be automatically used to populate the forms in the future?**
Yes. Depending on the form, certain data fields will prepopulate for future reporting periods based on the data you enter when the record is initially created. For example, information reported on the EXP-1 and EXP-2 forms for training sites used will carry over each reporting period. Similarly, much of the information reported on the INDGEN form will also carry over each reporting period until the individual completes his/her specific training program or permanently leaves before completion.

**Does this report allow us to submit any attachments?**
No, you cannot add attachments to the performance report.

**When specific data, such as "N/A" is required after completing a cell, can those cells populate automatically?**
No, grantees are required to enter all data themselves due to Section 508 requirements.
FAQs about Technical Support & Assistance

Who do we contact if we need technical assistance entering data in EHB?
Grantees should contact HRSA’s Call Center for any questions related to the performance report. The Call Center can be reached via phone at 1-877-464-4772.

FAQs about the Training Program Setup forms

The wrong program name was entered last year. Going forward, should we list the correct name?
If the grantee changes the program name, all the previous years’ data will be reset (everything entered in the past will not reappear this year). The best course of action is to make a note in the comments field and leave the program name as-is.

FAQs about the Program Characteristics (PC) forms

Do I need to set up my training program again if it is being reused in the current reporting period?
No. If you previously reported on a training program, you do not need to set up the program again. All of your previously used training programs will be displayed in your training program setup menu with a record status of ‘Prior Record’ displayed.

What are the status options for the different types of programs?
Structured and Unstructured Training programs use program status options “Ongoing” or “Complete.” All other training programs (degree/certificate, internships, fellowships, 1-year retraining, practica/field placements, residencies) use the status options “Active” or “Inactive.”

In the PC forms, do we count all trainees in our program, regardless of the year of study; do we include full-time/part-time trainees, etc.?
Yes, as long as trainees are enrolled or participating in the training program identified in Column 1.

Are we required to report on trainees at our institution beyond those who are participating in HRSA-funded programs?
The PC tables capture information about the universe of trainees regardless of funding status at your school. This is the only form that collects this type of information in aggregate.

FAQs about the LR-1 through DV-3 forms

In the LR and DV tables, are the counts for graduates and/or program completers a subset of the total trainee number, or are they to be reported separately?
On the LR and DV forms, graduates and program completers are not reported as a subset of the current trainee total. Please report aggregate counts of trainees (e.g., enrollees, residents, and fellows) SEPARATELY from the aggregate counts of graduates or program completers.
FAQs about the INDGEN form

Where do we get the Trainee Unique ID?
Grantees are responsible for developing a unique ID for each individual for whom an INDGEN entry is required. Grantees must keep a log of these unique IDs in order to provide follow-up data through the BPMH system.

What are the characters of the 7-digit unique ID?
Each unique ID must be made up of 7 alphanumeric characters. Do not include any personally identifiable information in the ID (name, birthdate, SSN, etc.).

Are INDGEN records from the last reporting period stored in the EHB?
Yes; they will appear in the INDGEN table as ‘Prior Records’ until (a) the individual is marked as a graduate/program completer, or (b) the individual permanently discontinues participation in the training program.

Last year we created unique IDs in the INDGEN table. If any of those participants attend a new training cycle this year, should we use the same code for that participant?
The purpose of the Unique ID is to track an individual’s training participation over time. If the same individual is simultaneously participating in multiple training programs, you should use the same unique ID. Note that each training program must also have a unique name. The same “unique ID-training program” combination cannot be present more than once.

What if an individual already listed on INDGEN did not receive a financial award during the reporting period?
If an individual from a prior record did not receive a financial award during the current reporting period, please indicate this under Column 12. The record will remain on INDGEN until this individual is marked as a graduate/program completer or permanently leaves the training program prior to completion.

Is reporting the underrepresented Asian distinction no longer included?
The definition of an underrepresented minority (URM) included in the instruction manuals specifically states that a URM is "is an individual from a racial and/or ethnic group that is considered inadequately represented in a specific profession relative to the numbers of that racial and/or ethnic group in the general population". While some professional or accrediting organizations collect detailed information on Asian subpopulations, data sources for the general population (i.e., the Census) do not. Therefore, it is not possible to determine that specific Asian subpopulations are underrepresented relative to the general population. Furthermore, federal agencies have been directed by the Office of Management and Budget to collect race/ethnicity data in a manner consistent with that used for the Census. As a result, all race and ethnicity categories displayed in the INDGEN sub-form are identical to those used in the Census.

Can we use our institution’s definitions/standards for disadvantaged background?
The BHW definition of disadvantaged background is included in the glossary of each instruction manual. As long as an institution’s definition or standard does not contradict the federal definition of disadvantaged, then grantees may choose to count individuals who have been deemed disadvantaged by the institution. Otherwise, you must use the definition for disadvantaged background located in your program manual glossary.

Do we report full time faculty who receive salary support for teaching or administrative responsibilities?
If the faculty member is already accounted for in the grant’s personnel log, then do include this individual on the INDGEN table. If the faculty member who received financial support is not listed in the grant personnel log, then he/she should be reported on INDGEN.

Do conference registration fees count as financial support?
Yes, but only for non-project staff.

How do we find out an individual’s family income?
The institution’s financial aid office should have that information, as part of the required application for financial aid.

For veteran status, are we asking only for the trainee’s status, or the trainee’s family status (e.g. dependent of veteran, spouse of veteran, etc.)?
Only the trainee’s status should be reported.

How is the academic year funding total calculated?
Once you have validated the form, the academic year total is automatically calculated in EHB as the sum of funding during the academic year.

How is the cumulative funding total calculated?
The cumulative funding total is automatically re-calculated each annual reporting period in EHB. This is the total of each annual amount that has been entered for the individual record either (a) across the life of the grant or (b) since the BPMH system has been in use, starting with Academic Year 2012-2013.

Can I cut and paste rows in the INDGEN table?
The cut and paste capability is currently set up at the row level, rather than individual data elements. After a row of data has been copied and pasted, edits will need to be made to individual cells using the dropdowns. Please note that the system does not accept data that has been cut and pasted from sources outside the report itself.

Do we include faculty or preceptors on this form?
If direct funds were given to the individuals AND the individuals were not already included in the grant application, then yes, include them on INDGEN. Otherwise, do not include them.

In INDGEN Column 13, Stipend, should we include salaries?
The individual’s salary (unless it’s paid by the grant) should not be included. However, the BHW funding should be included.

On the prior report we indicated that a trainee graduated when he had not. Because of that, he is not showing up on the current report. Can he be moved back to the INDGEN form?
If the individual moves to the INDGEN-PY form you can locate the record of the mislabeled graduate. Scroll all the way to the right, and use the link called “Move to INDGEN”, which will allow you to reset that record back to the INDGEN table for continued reporting.
I submitted a report last year using the 'not reported' option for trainee demographics. Why am I getting an error this year?
You may only select the 'not reported' option during the first reporting period for each trainee. Demographics are required information and grantees are expected to collect and report the information in all subsequent reports.

FAQs about the INDGEN-PY form

How do I use the INDGEN-PY form?
One year after an INDGEN record is marked as a graduate/program completer, you will be asked to provide an update on the individual’s employment/enrollment status.

FAQs about the Experiential Training (EXP) forms

Which training sites do I need to report on this form? Is it all of the sites our program uses?
Grantees should report only on sites used to provide training to students, trainees, or faculty supported by the grant during the current reporting period.

Our hospital provides multiple training sites for our trainees. Do I list the hospital or the specific clinics and offices within the hospital?
You should list the specific clinics and offices within the hospital that provide training to supported trainees.

Do I need to list a site more than once on EXP-2?
For sites that provide training to students, trainees, and faculty from different training programs, the site should be listed on the form for each training program the grant sponsors.

How can I report interprofessional team-based care at the training sites?
Interprofessional team-based care reporting is a three-step process on the EXP-2 form. After identifying the training program and site, the first step is to select ALL of the professions and disciplines represented on the interprofessional team (including that of the principal HRSA-sponsored trainees). The second step is to provide the number of trainees (by discipline) who were trained by the HRSA-sponsored program (principal trainees). The final step is to provide the number of other trainees (by discipline) who participated at the site, alongside the principal trainees, but who were not enrolled in the HRSA-sponsored program.

What training sites do I report on EXP if I don’t have directly-funded individuals in INDGEN?
You should report all training sites used to train individuals touched by your grant funding. If no individuals are reported in INDGEN, consider those you reported on the LR-1 form.

The values I added in EXP-1 aren’t prepopulating in EXP-2. Why can I only see my active prior records?
You must select each program-site combination using the drop down menus in columns 1 and 2. The values you added in EXP-1 will load in the dropdown menu in EXP-2 column 2.

Why do I need to enter the zip code of my training sites?

Postdoctoral Training in General, Pediatric, and Public Health Dentistry
The zip codes allow HRSA to identify sites that are in rural areas, medically underserved communities, and health professions shortage areas. Because the designation of each location may change over time, the zip code allows HRSA to adjust the way it labels a site.

**Where can I find the 4-digit zip code extension?**
You can locate your site’s 4-digit zip code extension by visiting the US Postal Service website:
https://tools.usps.com/go/ZipLookupAction_input

**FAQs about the Curriculum Development and Enhancement (CDE) forms**

**What if courses are created using a variety of funding sources?**
Grantees should complete a CDE-1 entry for each course or training activity that was developed or enhanced using any amount of HRSA grant funds.

**For CDE-2, do we report on all attendees or only those directly funded by a BHW-funded program for this reporting period?**
For the purposes of the CDE-2 form, count all individuals trained (whether or not the individuals received direct financial support) through courses or training activities developed or enhanced using any BHW funds during the current reporting period.

**In the CDE-1 table, I have entered a course that has been implemented, but when I try to select the site where the course was taught, I receive an error message that based on my responses for columns 2 and 4, this site is not allowed. Shall I use N/A as the site?**
If it is an academic course or training/workshop for health professions students, fellows, or residents, then N/A will need to be used.

**Can I delete a course from last year?**
You will not be able to delete a previously used course. You may indicate that the course from last year was not used again this year.

**FAQs about the Faculty Development (FD) forms**

**What is the difference between a structured faculty development program and an unstructured faculty development activity?**
Structured and unstructured faculty development programs differ in a few ways. Generally, structured faculty development programs are administered over a longer period of time and involve multiple meetings/sessions. Additionally, structured programs tend to be curriculum-driven, and may lead to the conferral of a degree or certificate. In contrast, unstructured faculty development activities are shorter in duration and are single, stand-alone trainings. Faculty development activities include conferences, workshops, and grand rounds.

**What are the definitions for the roles of educator and administrator?**
The educator role deals with instruction and training, course preparation, grading, and generally involves imparting knowledge or skills to others. Administrative responsibilities are support functions, such as committee work.

**FAQs about the Continuing Education (CE) forms**

**For CE-2, do we report on all attendees or only those directly funded by a BHW-funded program for this reporting period?**

Postdoctoral Training in General, Pediatric, and Public Health Dentistry
Count all individuals trained (whether or not the individuals received direct financial support) through courses or training activities developed or enhanced using any BHW funds during the current reporting period. Individuals attending CE trainings should be current providers, rather than students.

**In creating and enhancing courses for continuing education, what should the site be?**

Enter N/A for these courses.

**When should I use the ‘Other’ option for type of continuing education?**

The ‘Other’ option is available if there was a CE activity that the grantee does not identify as an unstructured training or structured CE course. We anticipate that few (if any) grantees will need to use this option.
