Instruction Manual for Grantees of the
National Research Service Award in Primary Care

Annual Performance Report
Welcome

Welcome to the Bureau of Health Workforce’s Performance Measures Handbook (BPMH)! This instruction manual has been carefully designed to assist your organization in completing the required Performance Report for Grants and Cooperative Agreements (PRGCA). Please read through this manual carefully, as it contains examples and a series of step-by-step instructions that will aid you in completing all required forms.

1. All required performance measures are linked to the following legislative purpose(s) of the National Research Service Award in Primary Care grant program:
   - Develop or enhance postdoctoral research training opportunities for individuals who are planning to pursue careers in primary care research.

2. Data submitted by grantees of the program must cover all activities that took place between July 01, 2018 - June 30, 2019 (Referred to as Annual Performance Report).

3. The PRGCA is due no later than July 31, 2019. Failure to submit a PRGCA by this date may place your grant in a noncompliant status.

4. Officials at the Health Resources and Services Administration (HRSA) will review and approve all PRGCAs submitted by grantees. In the case that revisions are needed, you will be granted the ability to re-enter the BPMH system, make corrections, and submit a revised PRGCA. All revisions must be resubmitted within five (5) business days of the initial request. Failure to resubmit a revised PRGCA within five (5) business days may place your grant in a noncompliant status.

5. We appreciate your feedback and assistance during this process. If you have any questions or require further assistance in completing your PRGCA, please visit the grants homepage or contact the HRSA Contact Center. All requests for technical assistance will be coordinated through the Call Center and responded to promptly: Call Center Phone Number: 877-G04-HRSA (877-464-4772) or Call Center Online Assistance Form: [click here](#).
Getting Started

The Office of Management and Budget (OMB) has issued a 3-year approval for the annual collection of performance measures across all grants and cooperative agreements funded through the Health Resources and Services Administration's Bureau of Health Workforces (BHW) (OMB # 0915-0061; Expiration Date: 03/31/2022). The BPMH system has been significantly enhanced to incorporate all approved subforms, as well as increase system performance and functionality. Throughout the manual, there are several icons that identify tips and other important information that will assist you in completing each subform accurately (see below).

 Marks a warning statement. Please read information in **bold** carefully in order to complete each subform accurately.

 Marks a tip or important note for completing a specific column or subform in the BPMH system.

 Marks the end of a subform and provides instructions for initiating required validations checks.

Due to the nature of annual reporting, the BPMH system has been recently enhanced to prepopulate specific columns within certain subforms with data submitted in a previous reporting period. In addition, a "View Prior Period Data" link has been added at the top of each subform in order to provide you with easy access to data submitted by your organization in prior reporting periods.

![Figure 1. Screenshot of View Prior Period Data Link](image-url)
There are two (2) types of data entry field identifiers. Each data entry field in a performance measure is identified with both types of numbers when the measure appears like the example in the above Figure.

1. **Column Numbers**: The first is a Column number. It is contained in parentheses above the Block number. Column numbers are unique to the field in a particular form and are used to identify error messages. If you receive an error message, it will refer to a Column Number. In that circumstance, find the Column number in the form to locate the error. Data fields that are prepopulated may only be identified with a Column number as shown in Column #1 in the above Figure.

2. **Block Numbers**: The second type of identifier is a Block number. Block numbers are also unique to a data entry field and correspond to the paper version of the performance measures. If you print the performance measures or received paper copies, the data fields are identified with a Block number. The Block numbers here in the EHB are the same as what appears in the paper copies of the performance measures. Nearly all fields where you enter data will be identified with a Block number.
Warning: Check your browser settings before beginning your PRGCA. Incompatible browsers or incorrect settings will cause forms to display incorrectly.

1. HRSA’s Electronic Handbook system (EHB) is compatible only with certain Internet browsers that have specific settings. Please check your settings by logging into EHB and clicking the ‘Recommended Settings’ tab that appears in the yellow banner at the top left of your home screen. The system will check your browser and its settings for compatibility.

2. There are multiple checks that are performed, and you must receive green check marks next to each setting in order to proceed. The following link will direct you to a page that displays the list of the checks performed: Recommended Settings.

3. Opening this link in your browser will automatically perform the recommended settings checks. Alternatively, you can access the recommended settings page in the EHBs system by clicking the ‘Recommended Settings’ tab on your EHBs home screen. It is highly recommended to check your settings prior to entering data in the BPMH system.

4. Using different browsers or settings than what is described above may produce unpredictable results. If you find that you are unable to see dropdown menus, cannot enter data into a field, or a form is not appearing, you most likely have a browser compatibility problem.

5. Please check these settings prior to calling the HRSA Call Center or your Government Project Officer. You may be asked to provide a screenshot showing the results of the ‘Recommended Settings’ tab.
Getting Started: Helpful Resources and Recommendations

The following is a list of resources and tips you may find helpful in the event you need assistance:

1. Begin PRGCA data entry early and submit your report prior to the deadline.
2. **Browser Settings:** Check your Internet browser and its settings by using ‘Recommended Settings’ tab on the EHB home screen within the yellow banner in the top left corner of the screen. Look for green check marks for all system requirements in order to meet system requirements and proceed.
3. **Reporting on Your Grant:** Several resources are available through HRSA’s “Reporting on Your Grant” link [http://bhw.hrsa.gov/grants/reporting/index.html](http://bhw.hrsa.gov/grants/reporting/index.html) including general EHB guidance as well as links to the performance measures and program manual.
4. **Resource Links:** Several resources are available via the ‘Resource’ tab on the EHB home screen including the following links:
   1. View Prior Period Data- Previously submitted PRGCA data are available in read-only mode
   2. Glossary- Current definitions of key terms
   3. Instruction Manual- Electronic copy of this program manual (can also be found on the HRSA.gov website)
5. **Video Recordings:**
6. **Grant Personnel:** Review your grant personnel listed in EHB and update this list as necessary. Ensure that listed personnel have appropriate authorizations (i.e., PRGCA submission, etc.). Make sure you have a backup person in place to submit your report!
7. **Sequence of Forms:** Complete PRGCA forms in the order they appear (i.e., complete EXP-1 prior to EXP-2)
8. **Saving and Validating:** You must click ‘Save and Validate’ in order to move to the next form. Save your work frequently (every 15-20 minutes) and print a hard copy of your report prior to submission.
9. **Government Project Officers:** Contact your Government Project Officer if you need further assistance on the content of your report.
10. **HRSA Call Center:** If you need additional assistance, contact the HRSA Call Center. If you have contacted the Call Center and are waiting for a reply, you should follow-up with them 48 hours after the initial contact. Have your ticket number ready (the same ticket number will be used at all tier levels now). Do not wait for the Call Center to return a phone call or email: **Call Center Phone Number: 877-Go4-HRSA/877-464-4772 or Call Center Online Assistance Form [click here](https://help.hrsa.gov/display/public/EHBSKBFG/BPMH+Videos).**
The following table shows the order that subforms will appear throughout the BPMH system for your specific grant program. Please note that clicking on the "Save and Validate" button at the end of each subform will cause the system to check all Blocks for errors and route you to the next required subform on the list. If you need to go back to any subform for any reason, simply click on the Form ID on the left sidebar of the Electronic Handbook (EHB). Please note that changing data that has already been saved will require you to click on the "Save and Validate" button and go through the validation process once more.

Setup Forms

Setup Forms - Introduction
Faculty Development – Setup

Selecting Faculty Development Activities

The Faculty Development Setup form will configure all subforms specific to faculty development.

- Select the type(s) of faculty development activities supported with grant funds during the current reporting period under Block 1.

- Options for the Faculty Setup form are pre-selected based on your prior annual reporting.

- Please see the warning statement below regarding unchecking an option.

Structured Faculty Development Training Program:

Faculty Development Activity:

Faculty Instruction:

No faculty-related activities conducted:

⚠️ Warning: Options for the Faculty Setup form will be automatically selected if you have previously reported one or more training programs or activities through the FD-1a or FD-2a subforms. You may uncheck “Faculty Development Activity” if you have nothing to
report. You may uncheck “Structured Faculty Development Training Program” only if you have no training programs still in progress. Please refer to the Faculty Development—FD Subforms page (initial instructions page immediately following CDE forms) for instructions on how to update the status of each previously-reported structured faculty development program.

Reference: Refer to the glossary for a definition of each type of faculty development activity.

To Complete the Form: Click on "Save and Validate" on the bottom right corner of your screen. If no errors are found, the BPMH system will automatically route you to the next required subform.
Individual-level Data—INDGEN Subforms

INDGEN - Introduction

Notice to Grantees about Individual-level Data:

- You must complete an INDGEN record for each individual who received a BHW-funded financial award during the annual reporting period. In addition, annual updates are required for individuals who were previously reported on INDGEN and were not marked as having graduated, completed or attrited from their training program by July 01, 2018 - June 30, 2019.

- For prior records, the BPMH system will prepopulate certain blocks in the INDGEN subform with data submitted in previous reporting periods for each individual. All other fields must be updated on an annual basis until the individual graduates from, completes, or permanently leaves their training program.

- The INDGEN subform will automatically calculate and display read-only columns labeled "Academic Year Total" and "Cumulative BHW Financial Award Total."
1. The Academic Year Total will display the amount entered for a given academic year.

2. The Cumulative BHW Financial Award Total will sum all amounts entered for this individual in the BMPH system.

- Individuals who were reported as having graduated from or completed their training program in the previous reporting period will automatically be transferred from INDGEN to the INDGEN-PY subform after one (1) full calendar year has passed from the moment of graduation/completion. At that point, 1-year post-graduation/completion employment status data must be provided for each individual.
Note: To view data submitted in previous reporting period, click on the "View Prior Period Data" link on top of the form.
IND-GEN: Individual Characteristics

IND-GEN - Setup

Do you have either a) individuals who received direct financial support (e.g., scholarships, stipends, loans, loan repayment) from a HRSA-funded grant OR b) updates to provide for individuals who received direct financial support in a previous reporting period?

| Yes (complete IND-GEN) | No (click Save and Validate button to proceed to the next form) |

**Figure 4. IND-GEN - Setup**

Do you have either a) individuals who received direct financial support (e.g., scholarships, stipends, loans, loan repayment) from a HRSA-funded grant OR b) updates to provide for individuals who received direct financial support in a previous reporting period?:

⚠️ Warning: If you have used the INDGEN form before, this answer is pre-selected ‘Yes’ for you. You do not need to answer this question again. Please move ahead to the INDGEN form by using the form list located on the left side of your screen.

⚠️ Warning: If you are unable to enter data into the INDGEN form, edit prior records, or see drop-down menus despite the question above being answered ‘Yes’, you have a browser compatibility problem. Please refer to the Getting Started-Browser Settings page at the beginning of this manual.

⚠️ Warning: Gray fields in prior records cannot be edited.

⚠️ Warning: Prior records cannot be deleted.
IND-GEN - Entering Trainee Unique ID

Trainee Unique ID: Enter a seven (7) alphanumeric unique identifier for each individual in the textbox in Column 2 (Block 1).

⚠️ Warning: It is the responsibility of each grantee to keep a log of all unique IDs used, as these will be required to provide annual updates and 1-year follow-up data for each individual.

💡 Note: This column will prepopulate for prior records with data submitted in previous reporting periods. Prior data cannot be altered or deleted.
IND-GEN - Selecting Individual's Training or Awardee Category

Select Individual's Training or Awardee Category: Select each individual's training category by clicking on the drop-down menu in Column 3 (Block 2) and choosing one of the following options:

Course Development and Enhancement—CDE Subforms

CDE - Introduction

Purpose of CDE forms: The CDE forms are used to collect information about curriculum development and enhancement activities, including development status, delivery mode, course topic, etc. for courses offered during the current reporting period.

- CDE-1: Collects information about newly developed or enhanced courses offered during the current reporting period.
- CDE-2: Collects the number of individuals who participated in the CDE courses and training activities (grouped by course and primary discipline).

Order of Forms:

- The CDE forms MUST be completed in order, otherwise drop-down menus will not populate correctly.
- You must complete and click ‘Save and Validate’ in CDE-1 before proceeding to CDE-2.

Pre-population of Prior Records:

- The BPMH system will prepopulate saved information for each previously offered courses (i.e. “Prior Records”) in the CDE-1 data table.
- For “Prior Records” you must indicate whether the course was offered during the current reporting period.

Creation of New Records:

- The BPMH system will allow you to enter information for newly offered courses or training activities (i.e., “New Record”) in the CDE-1 data table. “New Records” will populate below all “Prior Records”
- For “New Records” you must indicate whether the course was offered during the current reporting period.
Detailed guidance on how to make the correct selections for the CDE forms can be found below.
CDE-1: Course Development and Enhancement - Course Information

CDE-1 - Setup

| Have you used BHW resources or received in-kind support to develop or enhance a course or other training activity associated with the grant? | Yes (complete CDE-1 and CDE-2) No (Click Save and Validate to proceed to the next form) |

Figure 31. CDE-1 - Setup

To begin providing data about courses and other training activities that have been developed or enhanced through the grantor to provide updates on previously reported activities, click "Yes" to the initial setup question. Clicking "Yes" will activate the embedded Excel® form that will allow you to begin data entry.

Have you used BHW resources or received in-kind support to develop or enhance a course or other training activity associated with the grant?:

⚠️ Warning: If you have used the CDE form before, this answer is pre-selected ‘Yes’ for you. You do not need to answer this question again. Please move ahead to the CDE form by using the form list located on the left side of your screen.
**CDE-1 - Entering the Name of Course/Training Activity**

⚠️ **Warning:** Multiple steps are required to complete this portion of the subform. Please read instructions carefully.

![Diagram of CDE-1 form](image)

**Name of Course or Training Activity:**

Enter the name of each course or training activity that was developed or enhanced through the grant at any point during the entire project period. All previously reported courses will be saved in the data table from your past performance reports and labeled as “Prior Records.” To report on a NEW course, enter the course name in the “Add Course” box at the top of your screen. Click ‘Add Record’ after each entry and the new courses will appear at the bottom of the data table below, in column 1. Repeat this process to enter each course or training activity that was developed or enhanced through the grant separately.

⚠️ **Warning:** Complete the CDE-1 Setup form only if grant funds were used to develop or enhance NEW courses or training activities other than those previously reported.
Select Type of Course or Training Activity: Select the type of course or training activity that was developed or enhanced through the grant by clicking on the drop-down menu in Column 2 (Block 2) and choosing one of the following options:

- Academic course
- Clinical rotation
- Faculty development programs or activities
- Field placement/practicum
- Grand rounds
CDE-1 - Selecting whether Course was Newly Developed or Enhanced

Select whether Course or Training Activity was Newly Developed or Enhanced: Select whether each course or training activity identified under Column 1 (Block 1) was newly developed or was enhanced by clicking on the drop-down menu in Column 3 (Block 3) and choosing one of the following options:

- Enhanced
- Newly developed

Note: Select 'Newly Developed' for courses or training activities that were not in existence and were developed in their entirety through the grant.

Note: Select 'Enhanced' for courses or training activities that were in existence prior to the grant and were modified or restructured through the grant.

Faculty Development, Instruction, and Recruitment—FD Subforms

FD - Introduction

Purpose of FD forms:

- The FD-1 subforms collect information about the characteristics and the trainees of structured faculty development programs.
- The FD-2 subforms collect information about the characteristics and the trainees of faculty development activities.
- The FD-4 subforms collect information about the characteristics of faculty-instructed courses.

⚠️ Warning: The FD-1a and FD-1b subforms will only appear if "Structured Faculty Development Training Program" was selected in the Faculty Development Setup Form.

⚠️ Warning: The FD-2a and FD-2b subforms will only appear if "Faculty Development Training Activity" was selected in the Faculty Development Setup Form.

⚠️ Warning: The FD-4a and FD-4b subforms will only appear if "Faculty Instruction" was selected in the Faculty Development Setup Form.
FD-1a: Faculty Development - Structured Faculty Development Training Programs
FD-1a - Adding Structured Faculty Development Programs

**Warning:** Multiple steps are required to complete this portion of the subform. Please read instructions carefully.

![Figure 46. FD-1a - Adding Structured Faculty Development Programs](image)

**Program Name:** Enter the name of each new structured faculty development program coordinated and/or supported through the grant during the current reporting period. Next, click the "Add Record" button to save your entry. Repeat this process to enter each new structured faculty development program that was coordinated and/or supported through the grant during the current reporting period.

**Warning:** If a previously-completed program (prior record) is being offered again with a new cohort, it will need to be re-created as a new record.

**Example:** The School of Medicine used BHW funds to support TeamSTEPPS training for ten (10) faculty members. In the first semester, the school used grant funds to pay for the costs of training three (3) faculty members. In the second semester, the school used grant funds to pay for the costs of training an additional seven (7) faculty members. Since each faculty development program supported through the grant must be reported separately, the School of Medicine would have 2 entries—TeamSTEPPS #1 and TeamSTEPPS #2 (names are for illustrative purposes only). The School of Medicine would complete the FD-1a and FD-1b subforms for each of these programs.
Select Program Status in the Current Reporting Period: Select the status of each structured faculty development program at the end of the current reporting period by clicking on the drop-down menu in Column 1a and choosing one of the following options:

- Complete
- Ongoing

Note: Select "Ongoing" if the training program did not conclude by the end of the current reporting period.

Note: Select "Complete" if the training program concluded at some point during the current reporting period.

FD-1b - Entering # Trained in the Profession and Discipline

Figure 53. FD-1b - Entering # Trained in the Profession and Discipline

Enter # Trained in this Profession and Discipline: For each structured faculty development program, enter the number of individuals in each profession/discipline who participated in the program during the current reporting period in the textbox in Column 3 (Block 4). Repeat this step as many times as necessary to capture the total number of individuals by profession/discipline who participated in each program.

💡 To Complete the Form: Click on the “Save and Validate” button located on the bottom right corner of your screen. If no errors are found, the BPMH system will automatically route you to the next required subform.

FD-2a - Entering Faculty Development Activities

⚠️ Warning: Multiple steps are required to complete this portion of the subform. Please read instructions carefully.

![Figure 54. FD-2a - Entering Faculty Development Activities](image)

**Activity Name:** Enter the name of each faculty development activity coordinated and/or supported through the grant during the current reporting period. Select "Add Record" to save your entry. Repeat this process to enter each faculty development activity coordinated and/or supported through the grant during the current reporting period.

⚠️ Warning: If a previously-completed faculty development activity (prior record) is being offered again with a new cohort, it will need to be re-created as a new record.

**Example:** The School of Medicine used BHW funds to pay for the cost of sending five (5) fellow and faculty members to the annual Academy Health conference. In addition, the school also used BHW funds to pay for the cost of sending two (2) faculty members to a local workshop on the integration of behavioral health and primary care. Since each faculty development activity supported through the grant must be reported separately, the School of Medicine would have 2 entries—one entry for the Academy Health Annual Conference and one for the Integration of Behavioral Health and Primary care workshop (names are for illustrative purposes only). The School of Medicine would complete the FD-2a and FD-2b subforms for each of these activities.

FD-4a - Entering Course/Workshop Length

Enter the Length of the Course or Workshop in Clock Hours: Enter the duration, in clock hours, of each instructional activity offered during the current reporting period in the textbox in Column 3 (Block 19).

Note: For courses less than one (1) hour, provide a decimal value by dividing the total number of minutes the course lasted by 60 (e.g., a 15-minute course would be entered as 15/60 = .25).

Note: For instructional activities offered via distance learning, enter the intended duration of each activity in this Block.

Note: This column will prepopulate for prior records with data submitted in the previous reporting period.
Enter # of Times the Course or Workshop was Offered: Enter the number of times each instructional activity was offered during the current reporting period in the textbox in Column 4 (Block 20).
FD-4a - Selecting Delivery Mode

Select the Delivery Mode Used to Offer the Course or Workshop: Select the delivery mode used to offer each instructional activity during the annual reporting period by clicking on the drop-down menu in Column 5 (Block 22) and choosing one of the following options:

- Classroom-based
- Clinical Rotation
- Hybrid
- Real-time/Live distance learning
- Archived/Self-paced distance learning
- Grand Rounds
- Other

To Complete the Form: Click on the “Save and Validate” button located on the bottom right corner of your screen. If no errors are found, the BPMH system will automatically route you to the next required subform.

Appendix B: FAQs

General FAQs

When is the due date for the performance report?
Performance reports are due by July 31, 2019 for all programs. No extensions will be granted beyond this date. Failure to submit a performance report by the due date may place your grant in a non-compliant status.

What dates does the performance report cover?
The performance report submitted by grantees should cover all activities conducted through the grant during the current reporting period July 01, 2018 - June 30, 2019.

Is it possible to change data entered incorrectly in a prior reporting period?
No. Data entered in a previous reporting period cannot be edited. It is important that grantees provide accurate data during each reporting period.

Where will grantees be able to locate the instruction manuals for the performance reports?
Grantees will be able to access their program-specific instruction manual through the EHB. In addition, the manuals will be posted on the BHW grants website at http://bhw.hrsa.gov/grants/reporting/index.html.

Is there a way to look at the data forms required for my program without logging into EHB?
Yes. Grantees will be able to view a program-specific overview of the required performance measure forms on the BHW grants website at http://bhw.hrsa.gov/grants/reporting/index.html.

Are reports from prior years stored in the EHBs?
Yes. Grantees can locate reports from prior reporting periods in EHB by using any of the following methods:
- a) Clicking the ‘view prior period data’ link within a form or under your Resources tab;
- b) Going into your grant folder and searching for previously completed reports; or
- c) Clicking on the "submissions" link in the left side navigation menu.

Will the information we are submitting in this reporting period be automatically used to populate the forms in the future?
Yes. Depending on the form, certain data fields will prepopulate for future reporting periods based on the data you enter when the record is initially created. For example, information reported on the EXP-1 and EXP-2 forms for training sites used will carry over each reporting period. Similarly, much of the information reported on the INDGEN form will also carry over each reporting period until the individual completes his/her specific training program or permanently leaves before completion.

Does this report allow us to submit any attachments?
No, you cannot add attachments to the performance report.

When specific data, such as “N/A” is required after completing a cell, can those cells populate automatically?
No, grantees are required to enter all data themselves due to Section 508 requirements.
FAQs about Technical Support & Assistance

**Who do we contact if we need technical assistance entering data in EHB?**
Grantees should contact HRSA’s Call Center for any questions related to the performance report. The Call Center can be reached via phone at 1-877-464-4772.

FAQs about the Training Program Setup forms

**The wrong program name was entered last year. Going forward, should we list the correct name?**
If the grantee changes the program name, all the previous years’ data will be reset (everything entered in the past will not reappear this year). The best course of action is to make a note in the comments field and leave the program name as-is.

FAQs about the Program Characteristics (PC) forms

**Do I need to set up my training program again if it is being reused in the current reporting period?**
No. If you previously reported on a training program, you do not need to set up the program again. All of your previously used training programs will be displayed in your training program setup menu with a record status of ‘Prior Record’ displayed.

**What are the status options for the different types of programs?**
Structured and Unstructured Training programs use program status options “Ongoing” or “Complete.” All other training programs (degree/certificate, internships, fellowships, 1-year retraining, practica/field placements, residencies) use the status options “Active” or “Inactive.”

**In the PC forms, do we count all trainees in our program, regardless of the year of study; do we include full-time/part-time trainees, etc.?**
Yes, as long as trainees are enrolled or participating in the training program identified in Column 1.

**Are we required to report on trainees at our institution beyond those who are participating in HRSA-funded programs?**
The PC tables capture information about the universe of trainees regardless of funding status at your school. This is the only form that collects this type of information in aggregate.

FAQs about the LR-1 through DV-3 forms

**In the LR and DV tables, are the counts for graduates and/or program completers a subset of the total trainee number, or are they to be reported separately?**
On the LR and DV forms, graduates and program completers are not reported as a subset of the current trainee total. Please report aggregate counts of trainees (e.g., enrollees, residents, and fellows) SEPARATELY from the aggregate counts of graduates or program completers.
Which address should we use to determine whether an individual is from a rural residential background?
The definition of rural residential background is based on whether an individual has ever lived in a rural area. Grantees may choose to use the address prior to matriculation or the institution's address.

**FAQs about the INDGEN form**

*Where do we get the Trainee Unique ID?*
Grantees are responsible for developing a unique ID for each individual for whom an INDGEN entry is required. Grantees must keep a log of these unique IDs in order to provide follow-up data through the BPMH system.

*What are the characters of the 7-digit unique ID?*
Each unique ID must be made up of 7 alphanumeric characters. Do not include any personally identifiable information in the ID (name, birthdate, SSN, etc.).

*Are INDGEN records from the last reporting period stored in the EHB?*
Yes; they will appear in the INDGEN table as ‘Prior Records’ until (a) the individual is marked as a graduate/program completer, or (b) the individual permanently discontinues participation in the training program.

*Last year we created unique IDs in the INDGEN table. If any of those participants attend a new training cycle this year, should we use the same code for that participant?*
The purpose of the Unique ID is to track an individual’s training participation over time. If the same individual is simultaneously participating in multiple training programs, you should use the same unique ID. Note that each training program must also have a unique name. The same “unique ID-training program” combination cannot be present more than once.

*What if an individual already listed on INDGEN did not receive a financial award during the reporting period?*
If an individual from a prior record did not receive a financial award during the current reporting period, please indicate this under Column 12. The record will remain on INDGEN until this individual is marked as a graduate/program completer or permanently leaves the training program prior to completion.

*Is reporting the underrepresented Asian distinction no longer included?*
The definition of an underrepresented minority (URM) included in the instruction manuals specifically states that a URM is "is an individual from a racial and/or ethnic group that is considered inadequately represented in a specific profession relative to the numbers of that racial and/or ethnic group in the general population". While some professional or accrediting organizations collect detailed information on Asian subpopulations, data sources for the general population (i.e., the Census) do not. Therefore, it is not possible to determine that specific Asian subpopulations are underrepresented relative to the general population. Furthermore, federal agencies have been directed by the Office of Management and Budget to collect race/ethnicity data in a manner consistent with that used for the Census. As a result, all race and ethnicity categories displayed in the INDGEN sub-form are identical to those used in the Census.

*Can we use our institution’s definitions/standards for disadvantaged background?*
The BHW definition of disadvantaged background is included in the glossary of each instruction manual. As long as an institution's definition or standard does not contradict the federal definition of disadvantaged, then grantees may choose to count individuals who have been deemed disadvantaged by the institution. Otherwise, you must use the definition for disadvantaged background located in your program manual glossary.
Do we report full time faculty who receive salary support for teaching or administrative responsibilities?
If the faculty member is already accounted for in the grant’s personnel log, then do include this individual on the INDGEN table. If the faculty member who received financial support is not listed in the grant personnel log, then he/she should be reported on INDGEN.

Do conference registration fees count as financial support?
Yes, but only for non-project staff.

How do we find out an individual’s family income?
The institution’s financial aid office should have that information, as part of the required application for financial aid.

For veteran status, are we asking only for the trainee’s status, or the trainee’s family status (e.g. dependent of veteran, spouse of veteran, etc.)?
Only the trainee’s status should be reported.

How is the academic year funding total calculated?
Once you have validated the form, the academic year total is automatically calculated in EHB as the sum of funding during the academic year.

How is the cumulative funding total calculated?
The cumulative funding total is automatically re-calculated each annual reporting period in EHB. This is the total of each annual amount that has been entered for the individual record either (a) across the life of the grant or (b) since the BPMH system has been in use, starting with Academic Year 2012-2013.

Can I cut and paste rows in the INDGEN table?
The cut and paste capability is currently set up at the row level, rather than individual data elements. After a row of data has been copied and pasted, edits will need to be made to individual cells using the dropdowns. Please note that the system does not accept data that has been cut and pasted from sources outside the report itself.

Do we include faculty or preceptors on this form?
If direct funds were given to the individuals AND the individuals were not already included in the grant application, then yes, include them on INDGEN. Otherwise, do not include them.

In INDGEN Column 13, Stipend, should we include salaries?
The individual’s salary (unless it’s paid by the grant) should not be included. However, the BHW funding should be included.

On the prior report we indicated that a trainee graduated when he had not. Because of that, he is not showing up on the current report. Can he be moved back to the INDGEN form?
If the individual moves to the INDGEN-PY form you can locate the record of the mislabeled graduate. Scroll all the way to the right, and use the link called “Move to INDGEN”, which will allow you to reset that record back to the INDGEN table for continued reporting.

I submitted a report last year using the 'not reported' option for trainee demographics. Why am I getting an error this year?
Health Resources and Services Administration
Bureau of Health Workforce
You may only select the 'not reported' option during the first reporting period for each trainee. Demographics are required information and grantees are expected to collect and report the information in all subsequent reports.

FAQs about the INDGEN-PY form

How do I use the INDGEN-PY form?
One year after an INDGEN record is marked as a graduate/program completer, you will be asked to provide an update on the individual’s employment/enrollment status.

FAQs about the Experiential Training (EXP) forms

Which training sites do I need to report on this form? Is it all of the sites our program uses?
Grantees should report only on sites used to provide training to students, trainees, or faculty supported by the grant during the current reporting period.

Our hospital provides multiple training sites for our trainees. Do I list the hospital or the specific clinics and offices within the hospital?
You should list the specific clinics and offices within the hospital that provide training to supported trainees.

Do I need to list a site more than once on EXP-2?
For sites that provide training to students, trainees, and faculty from different training programs, the site should be listed on the form for each training program the grant sponsors.

How can I report interprofessional team-based care at the training sites?
Interprofessional team-based care reporting is a three-step process on the EXP-2 form. After identifying the training program and site, the first step is to select ALL of the professions and disciplines represented on the interprofessional team (including that of the principal HRSA-sponsored trainees). The second step is to provide the number of trainees (by discipline) who were trained by the HRSA-sponsored program (principal trainees). The final step is to provide the number of other trainees (by discipline) who participated at the site, alongside the principal trainees, but who were not enrolled in the HRSA-sponsored program.

What training sites do I report on EXP if I don’t have directly-funded individuals in INDGEN?
You should report all training sites used to train individuals touched by your grant funding. If no individuals are reported in INDGEN, consider those you reported on the LR-1 form.

The values I added in EXP-1 aren't prepopulating in EXP-2. Why can I only see my active prior records?
You must select each program-site combination using the drop down menus in columns 1 and 2. The values you added in EXP-1 will load in the dropdown menu in EXP-2 column 2.

Why do I need to enter the zip code of my training sites?
The zip codes allow HRSA to identify sites that are in rural areas, medically underserved communities, and health professions shortage areas. Because the designation of each location may change over time, the zip code allows HRSA to adjust the way it labels a site.
FAQs about the Curriculum Development and Enhancement (CDE) forms

What if courses are created using a variety of funding sources?
Grantees should complete a CDE-1 entry for each course or training activity that was developed or enhanced using any amount of HRSA grant funds.

For CDE-2, do we report on all attendees or only those directly funded by a BHW-funded program for this reporting period?
For the purposes of the CDE-2 form, count all individuals trained (whether or not the individuals received direct financial support) through courses or training activities developed or enhanced using any BHW funds during the current reporting period.

In the CDE-1 table, I have entered a course that has been implemented, but when I try to select the site where the course was taught, I receive an error message that based on my responses for columns 2 and 4, this site is not allowed. Shall I use N/A as the site?
If it is an academic course or training/workshop for health professions students, fellows, or residents, then N/A will need to be used.

Can I delete a course from last year?
You will not be able to delete a previously used course. You may indicate that the course from last year was not used again this year.

FAQs about the Faculty Development (FD) forms

What is the difference between a structured faculty development program and an unstructured faculty development activity?
Structured and unstructured faculty development programs differ in a few ways. Generally, structured faculty development programs are administered over a longer period of time and involve multiple meetings/sessions. Additionally, structured programs tend to be curriculum-driven, and may lead to the conferral of a degree or certificate. In contrast, unstructured faculty development activities are shorter in duration and are single, stand-alone trainings. Faculty development activities include conferences, workshops, and grand rounds. What are the definitions for the roles of educator and administrator?
The educator role deals with instruction and training, course preparation, grading, and generally involves imparting knowledge or skills to others. Administrative responsibilities are support functions, such as committee work.

FAQs about the Continuing Education (CE) forms

For CE-2, do we report on all attendees or only those directly funded by a BHW-funded program for this reporting period?
Count all individuals trained (whether or not the individuals received direct financial support) through courses or training activities developed or enhanced using any BHW funds during the current reporting period. Individuals attending CE trainings should be current providers, rather than students.
In creating and enhancing courses for continuing education, what should the site be?
Enter N/A for these courses.

When should I use the ‘Other’ option for type of continuing education?

The ‘Other’ option is available if there was a CE activity that the grantee does not identify as an unstructured training or structured CE course. We anticipate that few (if any) grantees will need to use this option.
